Career Objective

Passionate MERN stack developer skilled in React, Node.js, Express, and MongoDB, eager to build scalable applications and deliver efficient solutions while staying updated with modern technologies.

Technical Skills

Front End: HTML5, CSS3, React.JS, TailwindCSS, Bootstrap, DaisyUI.

Back End: Node.js, Express.js.

Programming Languages: JavaScript, Python, C.

Database: MongoDB, Firebase.

Tools: Git, GitHub, VS Code, Figma.

Soft Skills

Work Ethic | Teamwork | Active Listening | Adaptability.

Experience

IT Support Engineer (Frontend Intern) – [Klozer.io](#) (Remote) | **Sep 2024 - Oct 2024**

- Developed and optimized company websites using React.js, Tailwind CSS, and HTML5.
- Improved website performance and responsiveness, delivering a consistent user experience across all major browsers and devices.

Projects

AssignMates (Online assignment platform)

[LiveSite](#) | [Client-side](#) | [Server-side](#)

A full-stack MERN application for group study and assignment management, enabling users to create, submit, and evaluate assignments with role-based access, JWT authentication, and responsive light/dark themes.

- Students can create, update, and delete assignments and access shared resources.
- Teachers and friends can grade and provide feedback.
- All actions are secured with role-based authentication.

Technologies: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, Firebase.

FreelanceFusion (Online Freelance Task Bidding Platform)

[LiveSite](#) | [Client-Side](#) | [Server-side](#)

Freelance Fusion is a MERN stack freelance marketplace that connects clients and freelancers through task posting and competitive bidding. It streamlines collaboration, task management, and bidding workflows with a responsive and user-friendly design.

- Built a secure MERN stack freelance marketplace with Firebase authentication.
- Enabled dynamic bidding with real-time updates, filtering, and sorting.
- Created a responsive, user-friendly interface with instant action alerts.

Technologies: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, Firebase.
